In connection with the above mentioned subject and reference, a meeting has been conducted in the conference hall, Nabanna, 8th floor at 4.30PM under the Chairmanship of the Engineer-in-Chief & Ex-Officio Secretary, Public Works Department to finalise the modalities of pavement design for the projects already submitted to NABARD under RIDF-XXVI. Attendance of the officers (Chief Engineer, Head Quarter, P.W. Directorate & P.W. (Roads) Directorate, Chief Engineer, Planning, P.W. (Roads) Directorate, Joint Secretary (Roads), PWD and Superintending Engineer, Planning & Monitoring Circle, P. W. Directorate) present in the meeting is attached.

2. NABARD has proposed to increase the Defect Liability Period (DLP) from 3 year to 5 year period for the works under RIDF - XXVI. State PWD had submitted a number of schemes considering 3 years DLP as per present modalities (i.e. 15 years design life for non-bituminous layers & 5 years design life for bituminous layers as a stage construction). Department in consultation with the Finance Department has agreed for keeping provision of 5 years DLP for the schemes submitted under RIDF - XXVI.

3. To make the provision of 5 year DLP it was imperative for some modification in the pavement design, particularly bituminous portion for a longer design life. After making detailed discussion, it has been decided that 15 years design life for non-bituminous layers & 7 years design life for bituminous layers will be considered for 5 years DLP for the projects already submitted under RIDF-XXVI.

4. Concerned Chief Engineers of respective zones will have to submit modified estimates within seven days.

The meeting ends with thanks.
